Follow the steps below, to enter information like the above example.

1.

The image displays three sequential screenshots from the Smartstore CMS interface, illustrating the configuration of an Image Box widget. Red arrows and numbers 1, 2, 3, and 4 highlight key actions and elements.

Screenshot 1: Configure - Image Box
This screenshot shows the configuration page for an Image Box widget. The top navigation bar includes Smartstore, Dashboard, Catalog, Sales, Customers, Promotions, CMS, Configuration, System, and Plugins. The main content area features a table of widget zones. The 'Add new' button is highlighted with a red box and labeled '1'. The table contains the following data:

Id	widget zone	Layout	display order	is active
#Edit 1	home_page_after_products	imagebox	0	✓
#Edit 2	home_page_after_products	cardbox	0	✓

Screenshot 2: ImageBox (back to configuration)
This screenshot shows the configuration form for an ImageBox widget. The 'is active' toggle is turned on. The 'widget zone' is set to 'home_page_after_products', 'display order' is 0, and 'Layout' is 'ImageBox'. The 'Save' button is highlighted with a red box and labeled '2'. Below the form is a table for adding new items:

Id	Image	title	is active
#Edit 1			✓

Screenshot 3: Image configuration form
This screenshot shows the configuration form for an image item. The 'is active' toggle is turned on. The 'image' field shows a thumbnail of the landscape image, with 'Remove' and 'Upload a file' buttons. The 'Url' field is empty. The 'title' and 'text' fields are also empty. The 'display order' is 0, 'Color' is white, 'Style' is h4, 'Text Position' is none, and 'vertical position' is none. The 'Save' button is highlighted with a red box and labeled '4'.

2.

The image displays three sequential screenshots of the Smartstore configuration interface, illustrating the steps to add and edit an image box.

Top Screenshot: Configure - Image Box
This screen shows a table of existing image boxes. A red box highlights the "Add new" button, labeled with a red "1" and an arrow. The table contains two entries:

Id	widget zone	Layout	display order	is active
#Edit 1	home_page_after_products	imagebox	0	✓
#Edit 2	home_page_after_products	cardbox	0	✓

Middle Screenshot: ImageBox (back to configuration)
This screen shows the configuration form for an image box. A red box highlights the "Save" button, labeled with a red "2" and an arrow. The form includes fields for "is active" (toggle), "widget zone" (dropdown), "display order" (input), and "Layout" (dropdown). Below the form is a table of items to be added:

Id	Image	title	is active
#Edit 2		Use a Makeup Sponge	✓
#Edit 3		Makeup Daily	✓
#Edit 4		New Makeup Thing	✓

Bottom Screenshot: Detailed Configuration
This screen shows the detailed configuration for the selected item. A red box highlights the "Save" button, labeled with a red "4" and an arrow. The form includes fields for "is active" (toggle), "image" (with a "Remove" button and "Upload a file" button), "Uri" (input), and a language selector (English, Arabic (Saudi Arabia)). Below this are fields for "title" (Use a Makeup Sponge), "text", "display order" (input), "Color" (dropdown), "text button" (Read More ...), and "colore button" (dropdown).
