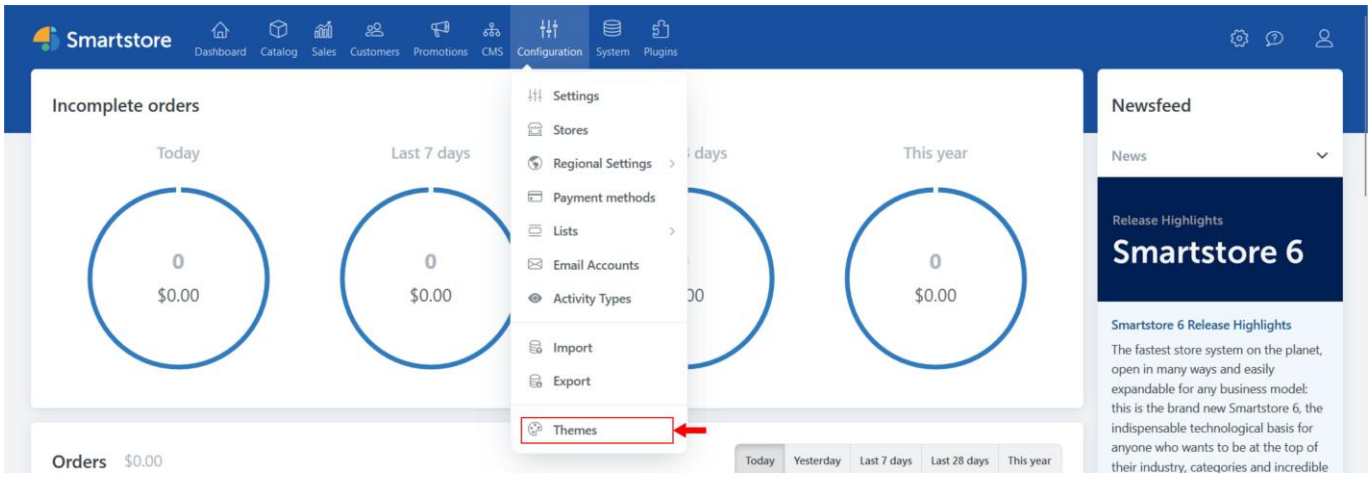
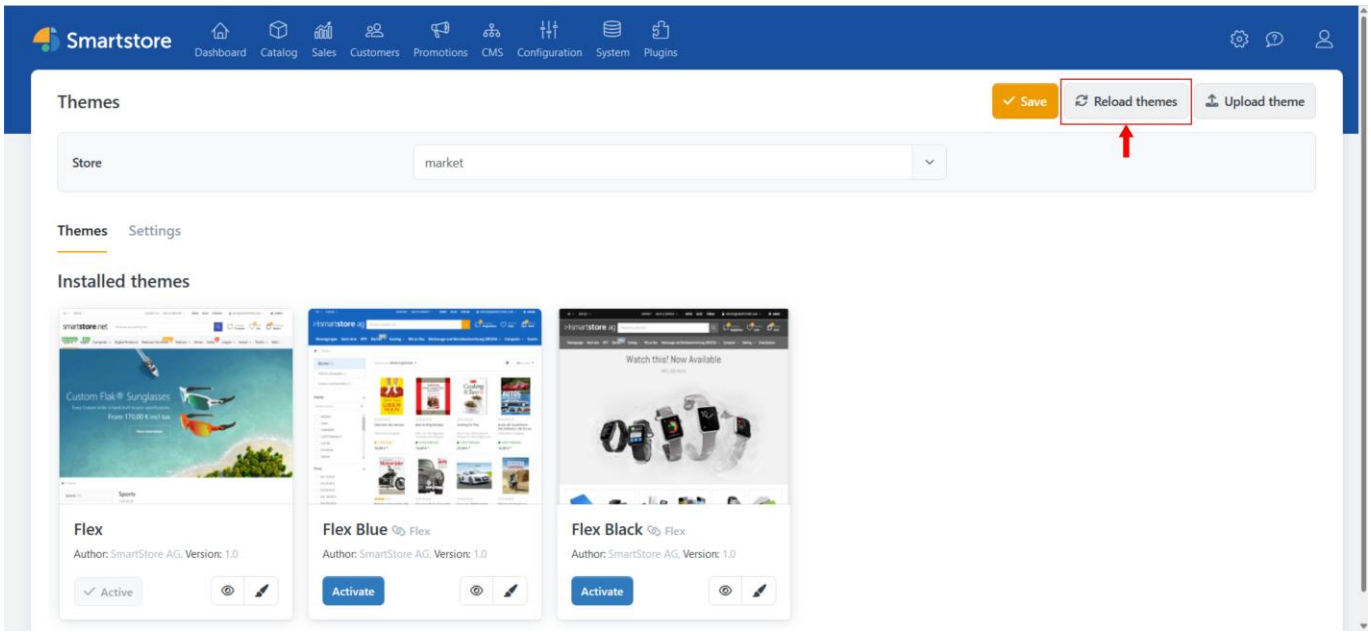
Woodora Template Help:

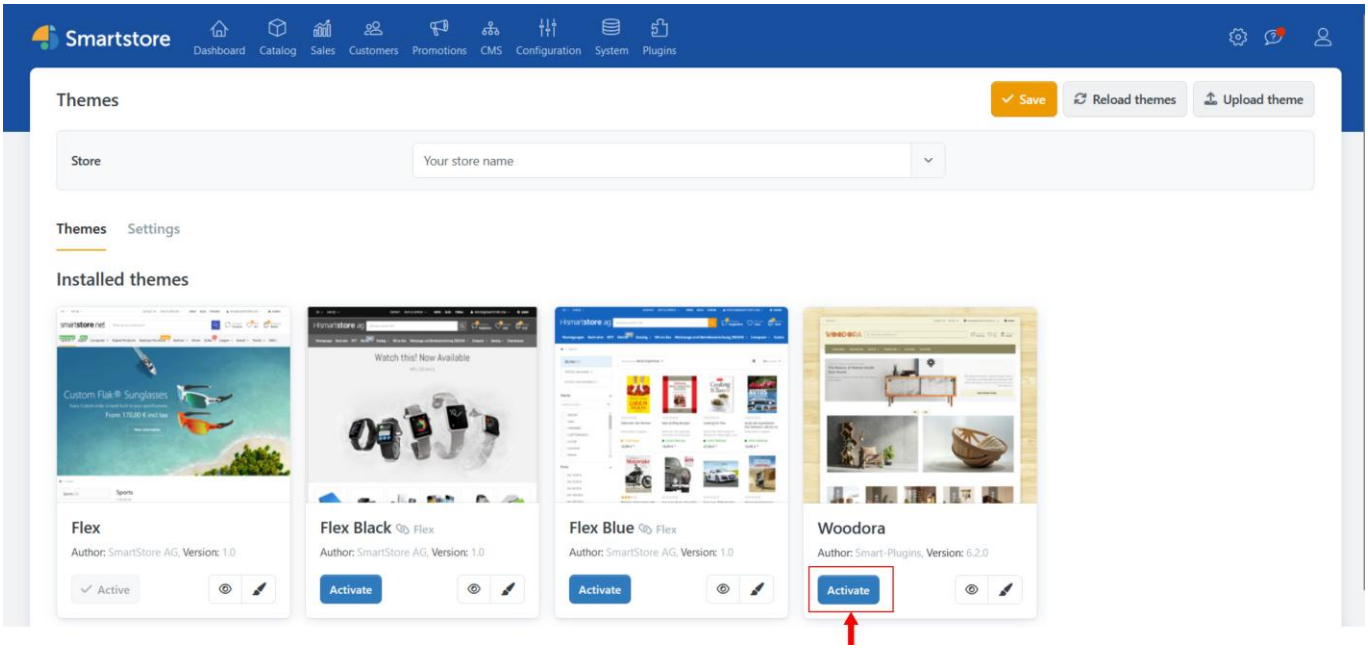
The file you see is the configuration and usage guide for the Woodora template module. This document aims to explain the steps in a simple and clear manner, with pictures.

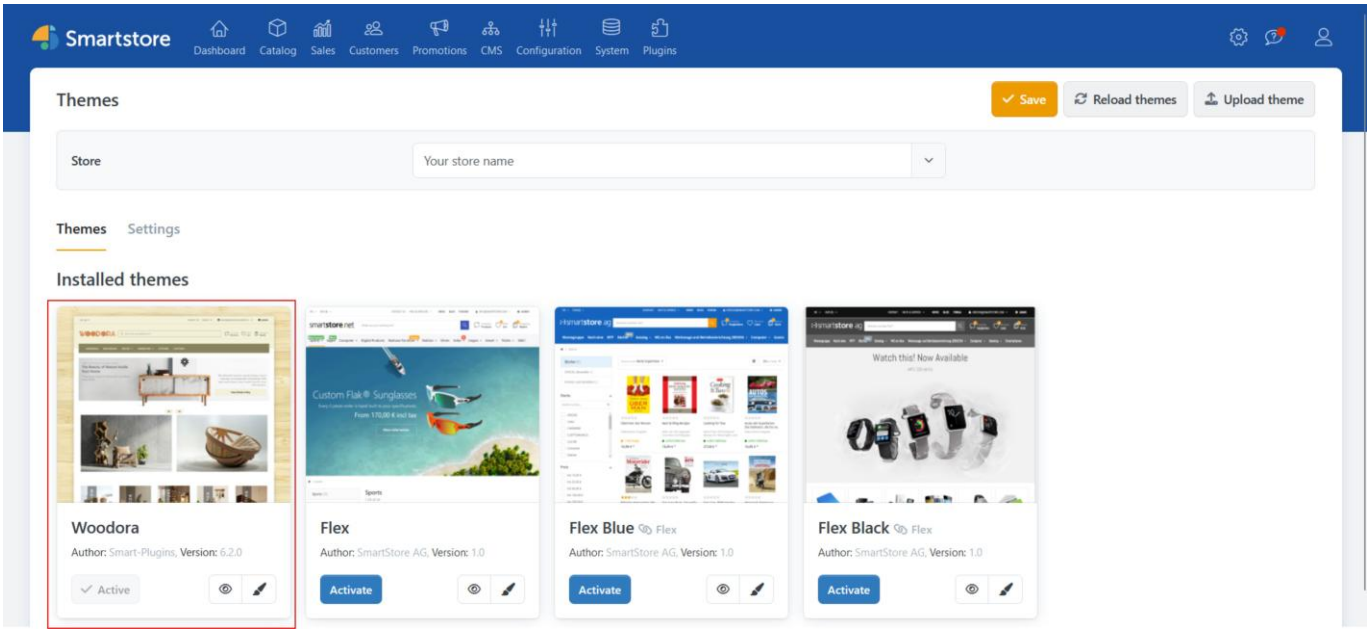
Please follow along with us:

After installing the template module Woodora, go to the admin panel and proceed as shown in the image:

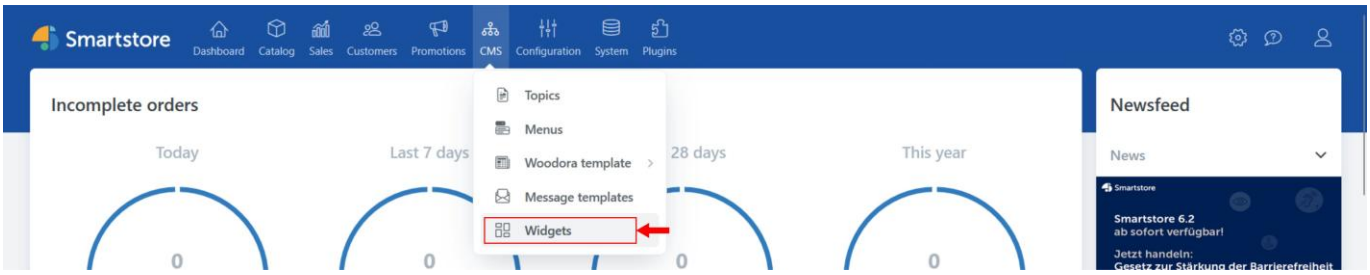


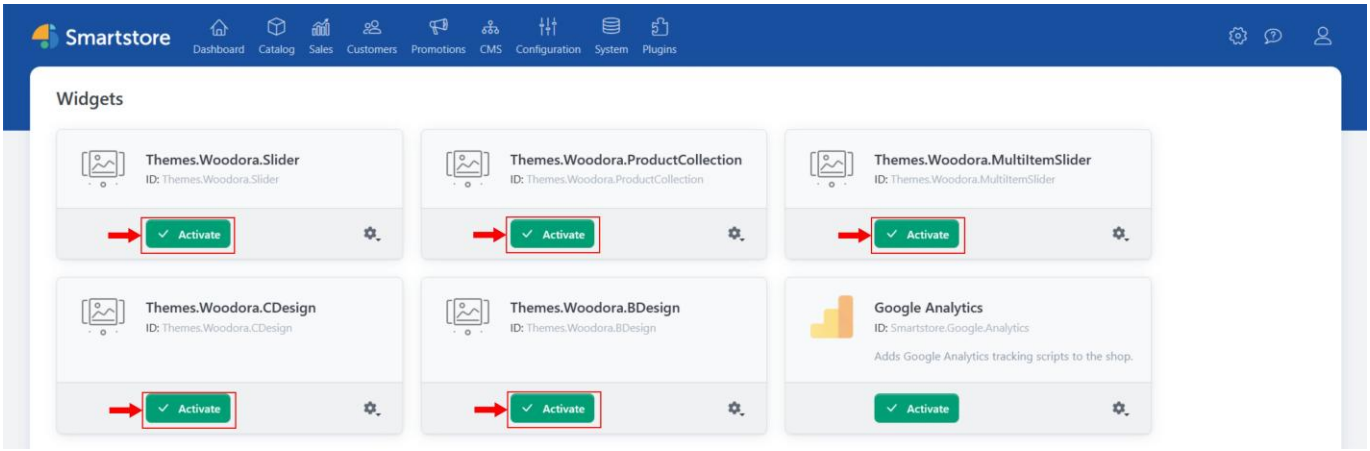


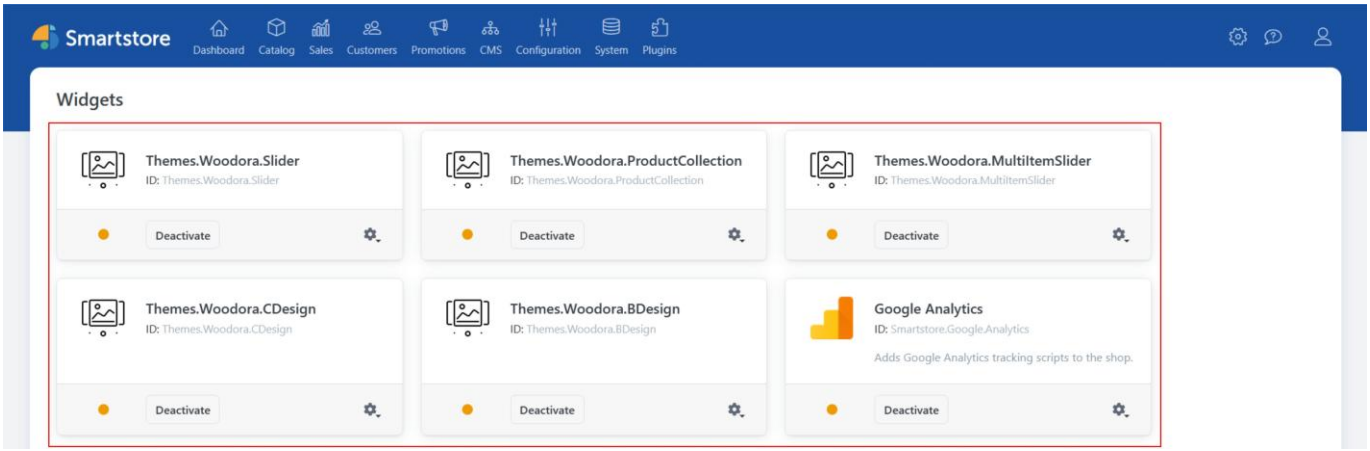




Now, follow the images below for active widgets and using the modules:

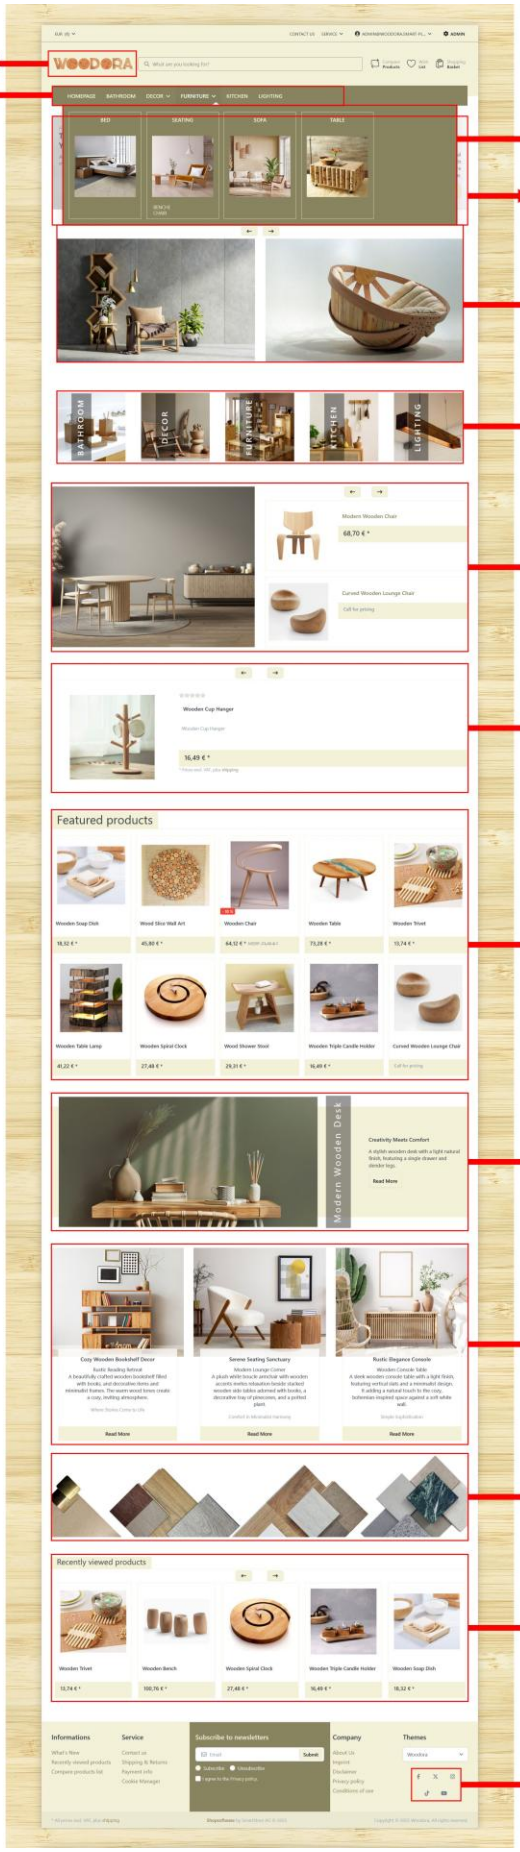






Now that the template is installed and all the modules are ready, you need to add your information to the template. In the image below, all the sections of the template we have prepared are highlighted separately.

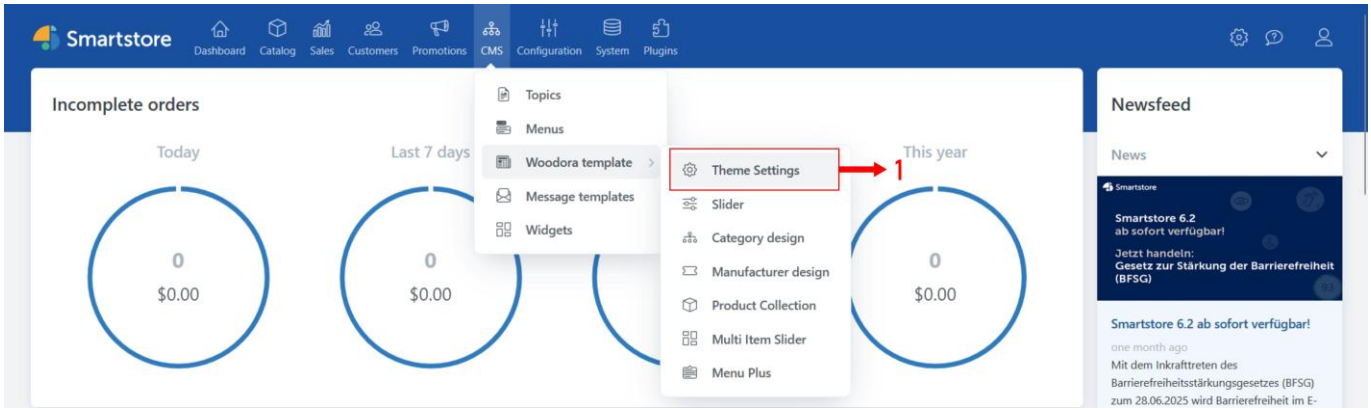
For an explanation of each section, refer to the corresponding section:

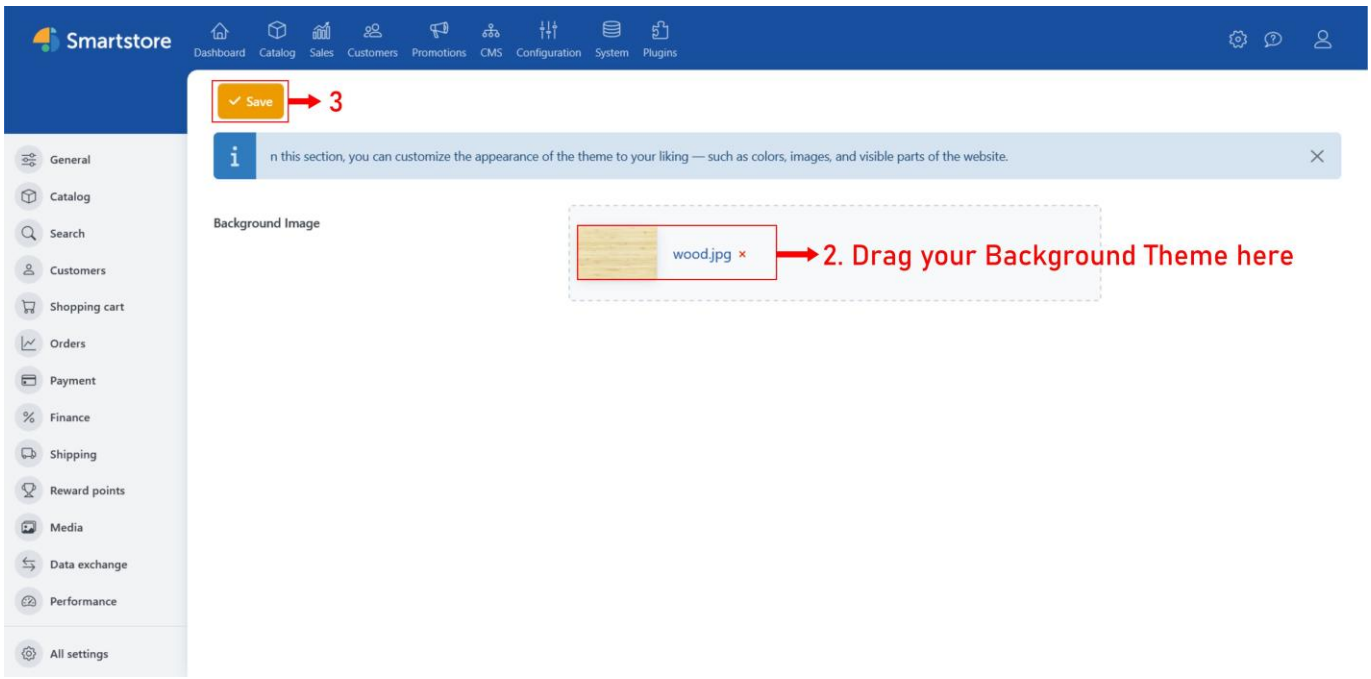


1. Logo
2. Menu
3. Menu Plus
4. Multi Item Slider (1)
5. Slider (1)
6. Category Design
7. Product Collection (1)
8. Product Collection (2)
9. Product
10. Multi Item Slider (2)
11. Multi Item Slider (3)
12. Slider (2)
13. Recently Viewed Product
14. Social Media

1. Theme Background:

In this template, you can set a background that matches the theme of your store. To upload a background, follow the steps below:





The size of the image used in this background theme is 1920 * 1280 pixels.

2. logo:

In this section, you can upload your desired logo. The logo dimensions can be approximately as follows: a width of around 300 pixels and a height of around 80 pixels.

Follow these steps the Admin Panel to add your personal logo:

The fastest store system on the planet, open in many ways and easily expandable for any business model: this is the brand new Smartstore 6, the indispensable technological basis for anyone who wants to be at the top of

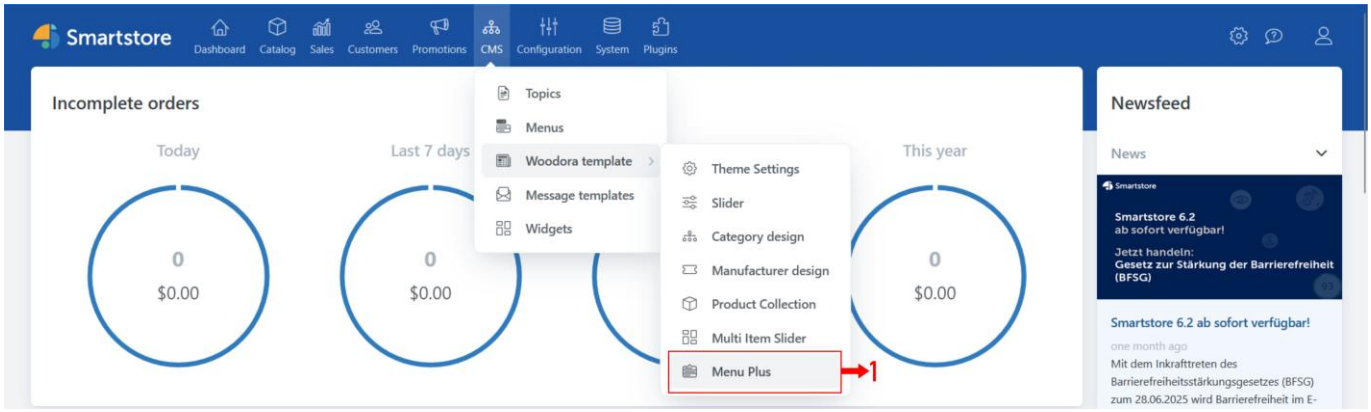
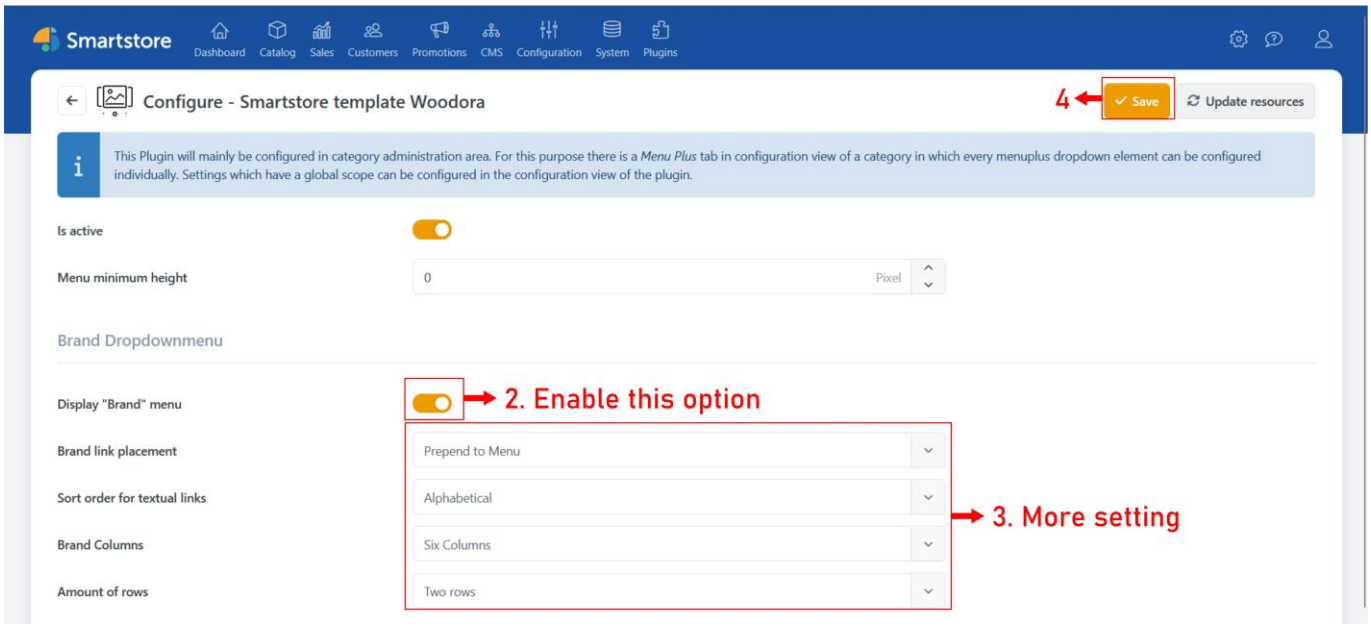
As you can see in the image in Step 4, Menu Plus has three options. The first option displays a simple dropdown menu, the second creates a card layout, and the third creates an itemized layout. You can also change the number of cards and items according to your preference and needs from the options below.

* Brand or Manufacturers MenuPlus:

If you have added a brand or Manufacturers to your template and want it to appear as a menuplus in the main menu, follow the steps below:





5. Multi Item Slider (1):

To create a multi-item slider, follow the steps below:
